

## Preface

The third volume of 'Guitar for 2' offers – like the two preceding volumes – a colorful mix of pieces in a variety of styles for two guitars. Besides several original compositions you will also find arrangements of well-known pieces like *Tears In Heaven*, *The Third Man*, *Gymnopedie I*, *Te Deum* etc.

The enclosed CD allows you to hear the original duet version and also to play along with the accompaniment track (tuning note: concert a = 440Hz).
